# LAUNCH OF A RESTRICTED REQUEST FOR PROPOSALS « RESPONSIBLE ACTIVE MANAGEMENT MANDATES IN EUROPEAN SMALL AND MID-CAP EQUITIES »

## 2022FRR03 CONTRACT

Paris, October 18<sup>th</sup>, 2022

On October 18<sup>th</sup>, 2022, the FRR launches a limited tender with a view to selecting investment services providers to manage responsible active management mandates invested in European small and mid-cap equities.

Responsible active management means that the selected candidates must integrate ESG aspects in their analysis and management processes, in particular by incorporating FRR's exclusion policy (controversial weapons, tobacco and coal) voting and engagement policy.

In addition, in line with FRR's commitment to reduce portfolio emissions in accordance with the Net Zero Asset Owner Alliance of which FRR is a member since 2019, a portfolio decarbonization level of about 75% is expected against the level of the benchmark index chosen on the date of transfer (contribution) of securities and cash.

The contract is for the selection of a maximum of five managers.

On a purely indicative basis, FRR estimates that the total amount of funds allocated could be up to four hundred and fifty million euros (€ 450,000,000).

The mandate will run for five (5) years with the possibility of being renewed only one (1) time for a further one (1) year.

Interested candidates have until 12:00 noon Paris time on **November 28<sup>th</sup>, 2022** to deliver their replies to the FRR in accordance with the terms of the Consultation Rules.
